Dear Mr. Gordon,

This is with reference to the request for Authority for Test Transmissions on 98.7 MHz in Toronto, Ontario submitted by your consultant, Mr. Stuart Hahn on March 9, 2010.

Authority for testing at the site with geographic coordinates latitude 43°38' 56" North, longitude 79° 22' 54" West is hereby granted to A. Fitzroy Gordon for test transmissions on 98.7 MHz. Parameters shall be in accordance with the technical submission submitted by Hahn Broadcast Engineering dated March 2, 2010.

Please note that all aspects of these tests, including duration require coordination with the Department's district office. In addition, testing shall be carried out in accordance with the test plan submitted by D.E.M. Allen & Associates Ltd.

Furthermore please note that testing authority may be terminated at any time at the Department's discretion, should this operation cause objectionable interference to other authorized radio services.

Sincerely,

P. Vaccani
Director
Broadcast Engineering
